

YOUR HOTTEST BEDFELLOW

VILLA MARIE, ST TROPEZ

Tucked away on a pine-covered hill overlooking Pampelonne, this little treasure has the sexiest, airiest rooms on the coast. Pad around your terracotta-floored suite (bathrooms are open plan, but this is neither the time nor the place for modesty), float about the shady grounds and sink into the rock-hewn pool, before snaffling up pistachio-crustéd lamb in the restaurant. Only the smartest couples stay here – some bring their offspring, but don't despair: they'll be French, which means they'll behave so beautifully that you'll only notice them at mealtimes, when they exclaim politely at the succulence of the moules.

Double, from £324 (villa-marie.com).
